WELCOME

Established for over 35 years, Procast has gained an enviable reputation for the specialist Production of high quality ferrous and non-ferrous nameplates, signs, engineering components and orative castings.

Production techniques range from traditional sand casting to fabrication and, more recently, computer controlled milling. The castings may be reproduction or new commissions and with Procast offering facilities that include pattern making, polishing and refurbishment, most projects can be handled in-house from design stage to finished product.

The Company's specialist core products cater primarily for the transport industry; road, rail and water - from individuals to major rail franchise operators

Cheques and Postal Orders made payable to PROCAST
Prices correct at time of publication 01/01/2020

Payment:

Terms: full payment with orders totaling less than £500 orders of £500 + a 50% deposit is payable at time of order with the balance due before dispatch.

We accept Visa, Switch, MasterCard and Maestro cards or cheques made payable to **PROCAST FOUNDRY LTD.**
 Credit card orders can be accepted by telephone, or in Person
 Please **DO NOT** send credit card details via email.

Telephone and E-mail, (SALES@PROCAST.CO.UK), enquiries welcome.

Orders are usually dispatched 8-10 weeks from receipt of order (special orders may take longer).

Post and Packing

Note that multiple orders, particularly for smaller items mean reduced postage charges per item. Orders may also be sent by courier, at cost, please enquire for pricing details.

Alternatively, orders may be collected.

Many other locomotives have carried **PROCAST** plates in the course of identity changes, these include Flying Scotsman as Flying Fox and Sandwich, Kolhapur as Silver Jubilee, Amethyst and Mars; Jinty 47298 as 47275, Standard class 4 76079 as 76029.

AS CAST SERVICE

Please note the unique service we offer. All items listed are available as unfinished castings or "as cast". If you are willing to spend the time removing cast marks plus painting and polishing the plates yourself there is a substantial saving to be made against the "finished" price. Advice is freely available if you are unsure about what is involved in "finishing" a casting.

Please contact us for prices

Railway Station Cast "Seat back" Nameplates

These station nameplates are cast in aluminum and are supplied machined and drilled, but unpainted. They are manufactured to the style introduced by the LNER and adopted by British Railways. Custom-made seat back plates are available please inquire for a quotation.

Headboards

These are cast in solid aluminum as close as possible to the original specifications, with polished border and letter faces. In some cases there were two or three different styles of headboard for the same train over a period of years and if there is a particular style required please send a large SAE and an outline of the headboard style will be sent to you. Also please specify the background colour required, e.g. red, black, blue, etc.

Normally the boards are cast flat to facilitate fixing to a wall but the British Railways lamp bracket can be cast on at no extra cost. Headboards can also be made to special order for Railway Specials and Preservation societies. Please enquire for a quotation.

OTHER SERVICES

PROCAST also undertakes **commissions** for nameplates of all types. Manufactures in a variety of traditional nonferrous and ferrous materials.

Please contact us to discuss your proposal and allow us to prepare a quotation.

TOWN, VILLAGE AND STREET NAME SIGNS.

PROCAST is able to design and manufacture town, village nameplates, street signs and commemorative plaques. Alternatively they may be manufactured to your own design and specification. These products are available in both cast iron and aluminium.

Please contact us to discuss your proposals.

BOAT NAMEPLATES AND WATERWAYS REGISTRATION PLATES.

PROCAST has manufactured nameplates and registration plates for boats of all types for several years.

Brass registration plates have a more "aesthetic" appeal than plastic or pressed tin.

MANUFACTURE OF COMPONENTS.

PROCAST also produces components. These include such things as railway coach handles and luggage rack brackets, railway light fittings. We also have manufactured **GOLDEN ARROWS** for the Bullied Pacific's and rebuilt Bullied Pacific's, the former being 15 feet long and the latter being 5 feet long. Both made of hardwood.
